Profile

Front-end-focused developer with 3+ years building web applications with React, TypeScript and Tailwind CSS, connected to Java, Spring Boot and Supabase backends. I built **Evalene**, a SaaS for psychologists that is live in production, and co-founded **Hornero Digital**, an Odoo implementation consultancy. I care about interfaces that feel simple even when the logic behind them is not. English: B2.

Experience

Co-founder · Hornero Digital 2026 – Present

Odoo implementation consultancy. hornerodigital.com

- Designed the brand identity and built the company website.
- Odoo implementations for businesses, from requirements to go-live.

Founder & Developer · Evalene 2025 – Present

Practice management SaaS for psychologists, live and used daily. evalene.app

- Designed and built the whole product: front end, backend and infrastructure.
- Appointment scheduling with automatic WhatsApp and email reminders.
- Patient records and clinical notes in an interface built to be used between sessions.

Contract Developer · Sendo Stock 2025 – Present

Inventory and sales management system for small businesses. sendostock.com

- Built React and Tailwind CSS interfaces for products, stock movements and sales.
- Role-based authentication and integration with a Java and Spring Boot REST API.

Front End Developer · AlquilUp 2025

Property management platform: properties, leases, payments and users.

- Multi-step forms with validation, filters and pagination on top of REST APIs.

Front End Developer · Freelance 2022 – 2024

Websites and apps for tourism, insurance and fitness clients, including MercadoPago payments.

Skills

Front end	React, TypeScript, JavaScript, Tailwind CSS, Redux, Zustand, HTML, CSS
Backend	Java, Spring Boot, Node.js, Supabase, MySQL, PostgreSQL, REST APIs
Tools	Git, GitHub, Vite, Vercel, Odoo
Ways of working	Scrum, Kanban, working directly with teams and clients

Education

Certified Tech Developer · Digital House 2022 – 2024

Program created with Globant and Mercado Libre. 1,500+ hours of full stack training.

Full Stack Bootcamp · Henry 2024

OOP with Java, Spring Boot and MySQL · Complementary courses 2023

Languages

Spanish · Native

English · B2 (EF SET certificate)
